

Dear Editor:

The Fairfield Suisun Unified School District (FSUSD) Governing Board has recently had two resignations. It is the obligation of the remaining Board members to choose two community members to fill these vacancies.

The Fairfield Suisun Unified Teachers Association recommends the following criteria when considering candidates to complete the unexpired terms. New board members should

- **Be representative of the diverse nature of the communities served by the FSUSD. We urge that particular consideration be given to those whose communities are underrepresented on the current board.**
- **Have a commitment to improving the conditions of teaching and learning in the FSUSD.**
- **Have a strong voice supporting the cause of free, universal, and quality public education.**
- **Have a belief that the human dignity and civil rights of all children and youth in the communities of Fairfield and Suisun are to be protected.**
- **Be willing to listen to the concerns of the parents, students, employees and community members of the FSUSD and govern in the best interest of all.**

The Fairfield Suisun Unified Teachers Association wishes to thank Chuck Wood and Gary Laski for their service to the students, employees and community of FSUSD. We wish them good health and happiness in their future endeavors.

Sincerely,

Kevin McNamara

Political Action Committee

Fairfield Suisun Unified Teachers Association
